### **MOLE-MASTER SERVICES CORPORATION RECOGNIZED FOR SAFETY ACHIEVEMENT**

May 2005

Marietta, Ohio. . . Mole•Master Services Corporation has been recognized by the Ohio Bureau of Workers Compensation, Division of Safety and Hygiene for the company's outstanding record in safety achievement in 2004.

The awards, which were presented at the Mid-Ohio Valley Safety Council Awards Banquet in mid-April, are co-sponsored by the Mid-Ohio Valley Safety Council and the Marietta Area Chamber of Commerce.

The "100%" Safety Award acknowledged the company's outstanding effort by supervisory personnel and employees in operating without a lost-time injury in 2004. The Group Safety Award was presented to the company with the lowest incident rate in a safety group council. Accepting the awards on behalf of Mole•Master Services Corporation were Steve Schoonover, Operations Manager, and Tim Smithberger, Service Manager.

Mole•Master Services Corporation provides safe and fast turnkey cleanout services of silos, bins, bunkers, bulk storage and process vessels. Mole•Master's service eliminates hazardous human entry and related confined space entry problems. Mole•Master provides highly trained technicians utilizing a full range of specialty proprietary equipment, including the "Big•MOLE<sup>SM</sup>," the Junior 360<sup>TM</sup> and the Arch•Master<sup>TM</sup> to free bridged, ratholed or hydrated materials from any form of bulk storage vessel.

For more information on Mole•Master's services and equipment, contact the company at 800.322.6653 or e-mail [info@molemaster.com](mailto:info@molemaster.com) or visit the web site at [www.molemaster.com](http://www.molemaster.com).
